APPROVAL OF AGENDA

A motion was made by Mrs. Balsley and seconded by Mrs. Zwart to approve the Agenda. The motion was carried by unanimous voice vote.

SUPERINTENDENT'S REPORT

Dr. Baule reported on the school improvement day held on December 8, 2010. The teachers reviewed the Common Core Standards and worked on Common Formative Assessments. The Common Formative Assessments will be completed at the teacher institute day on January 14, 2011.

There is a potential to obtain a truancy ordinance for student discipline. Dr. Baule is working with the Boone County State's Attorney to see if it is a viable option for the county to consider. The village of Cherry Valley has such an ordinance in place.

A new version of state testing based on Common Care Standards will start in 2013. The tests will be computer based and will be given four times a year (three formative and one summative). There is also some impetus to go to MAP testing.

Dr. Baule announced that the district received the library grant. He referred to a recent article in the ISBE Newsbulletin in which the State Superintendent of Schools, Christopher Koch, urged school districts to maintain fiscal restraint regarding finances. The state's House of

Representatives will hold hearings for two days starting this Thursday in which four or five groups will be presenting. The House is reviewing the budget to determine how to move forward.

Starting January 2011, 15 minutes will be added to two employees' work day at Capron Elementary to accommodate the breakfast program. A letter will be going out to the parents explaining this program. Dr. Baule speculated on the likelihood of North Boone Upper Elementary and Poplar Grove Elementary being required to implement the breakfast program in the 2011-2012 school year.

Manchester Elementary and Poplar Grove Elementary are working together on obtaining bids for their playgrounds' upgrades. Dr. Baule anticipated that the bids would be presented at the next Board meeting in January 2011.

Administration is working on the student handbooks in order to combine the three separate discipline codes into a single, coherent K-12 discipline code.

Dr. Baule announced that Barb Sager has arranged to have a dentist visit our schools. At present, she has dates scheduled for the dentist to visit Capron Elementary on February 2 and North Boone Upper Elementary on January 26, 2011.

Although Dr. Baule preferred presenting the 2011-2012 school calendar to the Board in December, a couple things have hindered the process this year. He expects to present it to the Board in January 2012.

The Community Involvement Committee (CIC) has been discussing the bleachers at the football field. Dr. Baule spoke with the district's architects who have developed cost estimates for bleachers in past, and they agreed to work with us at no cost in updating these estimates. He confirmed that the bleachers are inspected every year and the last inspection on April 7, 2010 states that the bleachers are safe.

Mrs. Zwart added that a couple parents spoke about the bleachers at the November CIC meeting. She handed out information to the Board on how to run a capital campaign to raise money to replace the bleachers. Her mission is to ascertain whether the Board would support this project, and she asked that any feedback be directed to her attention.

Dr. Baule added that there are approximately 1100 bleacher seats in the district. The issue is not only replacing but obtaining additional seating as well. The cost just to replace the bleachers would be approximately \$172,000. He asked the Board to also review fixing the track around the football field so the district can hold track meets. In order to be able to use the field for football, soccer and track, trees would have to be removed. He will work with the CIC to identify the scope of the work and lay out a reasonable, tiered approach to accomplish the desired goal.

COMMITTEE REPORTS

The next Community Involvement Committee meeting was scheduled for January 5, 2011 at 5:30 p.m.

IASB·IASA·IASBO Joint Annual Conference

Mr. Kinser reported that he spoke with Mr. Scott Johnson at one of the presentations regarding geothermal energy he attended at the tri-conference in November. He felt very positive about the cost savings and efficiency of using geothermal energy. The cost of retrofitting a building is approximately \$18-\$22 per sq. ft. The Facilities Committee is welcome to tour Belvidere and Hiawatha to see how this works.

Mr. Kinser also attended a presentation on school communication wherein the importance of print, face-to-face and electronic communications was discussed.

Mrs. Balsley, who also attended the tri-conference, spoke about one of the presentations she attended on health care reform. She emphasized the immensity and complexity of the new Health Care Reform Act. The laws that have been passed and how they are going to affect school districts were discussed.

Mrs. Balsley also attended a presentation on student discipline and another on Maintaining Educational Quality in Times of Financial Need.

Copies of all of the presentations discussed by Mr. Kinser and Mrs. Balsley can be obtained at the district office. All of the handouts from the conference are available at www.iasb.com.
